Reach Your Potential

Today's Agenda

- Introductions
- The Value of Person Centered Services' Care Coordination
- What is a Life Plan? What to Expect?
- The Clinical Team
- Questions
- Comment Cards

Connecting You To Your Best Life

CONNECTIONS

- Care Coordinators will help you navigate a complex system
- Care Coordinators live and work throughout our 18-county services area, so we know you and your community
- Our relationships with trusted providers means access to hundreds of services

EXPERTISE

- On average, Care Coordinators have 10 years' experience
- Clinical team – RN, dietician, behavioral health specialist and mental health professional
- Training is a priority: Care Coordinators receive continuous development and training above and beyond requirements

LEADERSHIP

- Owned and guided by 31 agencies you know and trust
- Our local Care Coordination Directors have an average of 25 years in the I/DD field

The Life Plan: A holistic approach

- I AM Assessment
- One document with all your goals and supports
- Continuously reviewed to adapt with you as your needs and goals change
- Your Interdisciplinary Team (IDT) will write your plan with you
- The purpose is to help you to achieve your best life!

What to expect at a Life Plan meeting

- You are the focus. It's all about you!
- Questions about preferences, likes and dislikes, wants and needs
- You will make informed decisions about your options
- Lots of discussions
- Everyone is learning! We are all experiencing and adjusting to changes
- Your Care Coordinator may have a computer to keep track of the discussion

Clinical Team

Amy Peters, Director

apeters@personcenteredservices.com

Clinical Staff On Call

- Professionals with expertise in the areas of physical and behavioral health
- Work with Care Coordinators to collaborate, problem solve, educate and intervene with individuals who may have involvement and support needs
